

Spring 2021

Dear Parents and Guardians,

Due to CoVid-19, Appleton-Milan Elementary School will be altering our registration process for Kindergarten Registration. Included in this envelope, you will find all necessary registration paperwork. We ask that you complete it and return it to the school office by April 16, 2021.

In addition to the included paperwork, please also provide a *copy of your child's **birth certificate** or we can make a copy for you.* Heather Piotter, School Nurse, will review the school health and immunization requirements for school admission to ensure all health information is up to date.

The State of Minnesota provides a fantastic education to its students. Compulsory Attendance Laws require students to attend public schools, private schools, home school, or other. Because your child is now kindergarten-age eligible for the 2021-2022 school year, the educational journey has begun.

If you have any questions about Kindergarten Registration, please call the Appleton-Milan Elementary School office at 320-289-1114.

Always learning,

Mrs. Heinecke
Principal

Please return:
Completed Registration Form
Student Residency Questionnaire Form
Child's Birth Certificate
Immunization Record

WE SOAR AS ONE
