

Press Release – October 30, 2020

LqPV Facility Update

Projects are continuing at the Lac qui Parle Valley Schools. At the present time the following changes are taking place:

- MMN's new 4th Street entrance and expanded administrative office area are scheduled to be finished by the end of November 2020.
- MMN's new gymnasium floor is expected to be installed by the end of December 2020.
- Door and window installation continues at MMN Elementary School.
- The Appleton-Milan Elementary School addition is expected to be completed by the end of April 2021. The addition will include an office area, a new gymnasium, a modern library and additional classrooms.
- The LqPV High School gymnasium roof is being installed. The gym addition is expected to be enclosed by the end of December 2020 and available for use by the end of May 2021.
