From: Supt. Greg Schmidt
Subject: **Learning Model Update**

The Incident Command Team has decided to delay the decision regarding the status of students during the first two weeks after the holiday break until after Governor Walz's press conference scheduled for Wednesday, December 16.

The decision to delay is based on the fact that there may be relevant information shared during Governor Walz's much-anticipated and twice-postponed press conference

The team anticipates making a decision during its meeting on Thursday, December 17.
