From: Supt. Greg Schmidt
Subject: COVID Numbers and Learning Model

After reviewing the number of active COVID-19 cases in the five counties that comprise our district, digging deeper into where those cases are occurring, and talking to a staff member at Countryside Public Health, the decision has been made to continue with In-Person Learning for all students for the immediate future (September 21-25, 2020). A key consideration in the decision is where those cases are occurring.

Please know that there are currently no students or staff members in the Lac qui Parle school district who have tested positive for COVID-19 in the past four weeks and there has been only one positive test overall. The statistics are updated weekly and while not ignoring county-wide data, we pay closest attention to the active case data in the zip codes of the communities that make up our school district.

We believe that with the precautions we have in place (sanitizing surfaces, social distancing, hand washing, staying home when not feeling well or experiencing symptoms, etc.) and the cooperation we have with staff and students wearing masks, Lac qui Parle Valley Schools could continue in-person learning for the foreseeable future. However, as you probably realize, active case counts can change quickly – which could cause us to change our learning model quickly. Let's all pray that doesn't happen.

If you have questions or concerns about this memo, please feel free to contact Supt. Schmidt at gschmidt@lqpv.org

Stay safe...

WE SOAR AS ONE
