“This institution is an equal opportunity provider”

The goal of the LqPV School District is to offer our students quality food items with a variety of choices. Your help as parents is greatly appreciated. In order to serve meals efficiently to our students and economically for parents, we have established the following guidelines.

\*\*\*\*\*

1. **PREPAYMENT** for all meal accounts is **REQUIRED** for all students.
2. The Food Service Program is a pre-payment program. Families are expected to have a *positive* balance in the food service account at the beginning of the year and during the course of the school year. Online payments, account information and Free & Reduced meal forms are available on the school district website. [www.lqpv.org](http://www.lqpv.org).
3. When lunch accounts reach a negative **\$15.00** the parent / guardian will be notified. The method for notifying will be an e-mail message, letter or phone call.
4. Charging **will not** be allowed when a **balance due exceeds more than \$15.00.** Meals can be purchased on a cash only basis or an alternative meal will be offered for breakfast or lunch. Every effort will be made to help any family that is in need. An online payment program offers the opportunity to pay for meals in advance.
