## Parent Communication

Parents are welcome at Little Eagles Daycare at any time—advance notice is not always necessary. *Volunteer help is always welcome.*

Little Eagles staff can do a better job of caring for children if they work together and communicate with parents on a frequent basis. We encourage parents to talk with staff about their child on a daily basis.

Staff shall continually monitor each child's intellectual, physical, social and emotional development. Status reports are maintained for each child and are conveyed to parents during annual parent/teacher conferences.

## Parent Code of Conduct

Little Eagles Daycare requires the parents of enrolled children at all times, to behave in a manner consistent with decency, courtesy, and respect. One of the goals of Little Eagles Daycare is to provide the most appropriate environment in which a child can grow, learn and develop. Achieving this ideal environment is not only the responsibility of our employees, but is the responsibility of each and every parent or adult who enters the building. Parents are required to behave in a manner that fosters this ideal environment. Parents who violate the Parent Code of Conduct will not be permitted on center property thereafter.

## About the Director

My name is Christine (Bendel) Enderson. I graduated from LqPV High School in 2007 and furthered my education at Minnesota State University-Moorhead and received my Bachelor of Science Degree in Business Administration in May 2011. I am married to my husband, Mitch, of (almost) 5 years. We have a three-year-old daughter, Addelyn. After living in Wisconsin for four years, we moved home to be closer to family. I became a family child care provider for a little over one year, and then the opportunity came up for me to become the director of Little Eagles Daycare. With early childhood always being an interest to me and putting that together with my business background, I knew there could not be a better position for me to further my career. I am excited for Madison to have a daycare center, and I hope it is our solution to the community's daycare shortage. If anyone has any questions about enrollment, scholarships, goals of the program, etc., please do not hesitate to call or email me.

**Thank you for the support from our amazing community!**

**Little Eagles Daycare could not have been established without you.**
